

MAKING AN IMPACT FOR *Life* AND THE GOSPEL

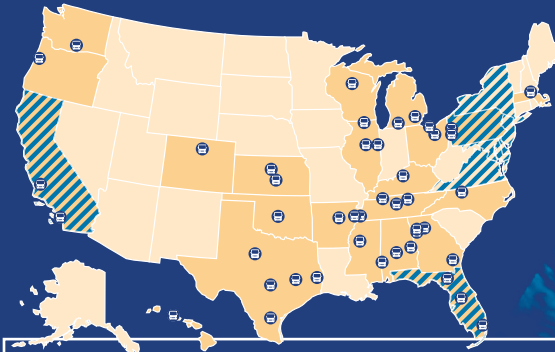

ICU Mobile remains mission focused on serving women, saving lives and sharing the gospel of Jesus Christ. The fleet had incredible impact in 2021, expanding by 8 mobile units, seeing over 2,500 women choose life on mobiles and celebrating as 85 of those women choose a new life in Christ! God has given us a mission to reach abortion bound women, showing them God's gift of life while planting the seed of His life changing Gospel and seeing Him work in saving those lives, both physically and spiritually.

The women we served many times had nowhere else to turn except to abortion. We were there providing her with life affirming options and support, support that would not have been there except through God's great provision and grace supplied through you, our partners in ministry. We see more challenges ahead as the landscape changes with some states moving to more liberal abortion laws while others to more restrictive abortion laws. The use of "Pill" abortions has grown to over 50% of all abortions taking place. Because of your prayers covering this ministry, God, in His amazing providence, is preparing us to adapt and meet these challenges by increasing the impact in a Gospel centered and life affirming way.

We praise God for the work He is doing and has done. His "Fleet for Little Feet" continues to grow with over 17,000 decisions for life since 2013 and 1,324 decisions for Christ. Each of these decisions have stories of renewal and redemption that reveal God's glory in incredible ways. Images of these little ones are lives treasured by teams across the fleet. It is a blessing to be Christ's hands and feet as we serve these women in expanding His Kingdom and seeing lives being saved.

BABY JONATHAN WAS *Saved* FROM ABORTION!

A woman having experienced an abortion before, was seeking and set on having an abortion again until she had a perspective shifting and life affirming experience on board our mobile.

Your support allowed her to be: Cared for, served, spiritually poured into and shown an image of her little boy by ultrasound. A LIFE-saving ultrasound is made possible in her community by YOUR commitment to LIFE through ICU Mobile.

Jonathan is here today, because of your conviction and God's presence in his mother's community!
